Subject: Complete Level Three Isolated Wetlands Permit
Project Dazzler
Ohio EPA ID No. 262431W

Dear Randy Barrera:

The Ohio Environmental Protection Agency (Ohio EPA) has reviewed the Level Three Isolated Wetlands Permit (IWP) application received by the Agency on February 13, 2026, and has determined that it is administratively complete.

As per Section 6111.024 of the Ohio Revised Code (ORC), Ohio EPA will act on this application within 180 days of the date of this letter. To determine the action that should be taken by the director, Ohio EPA may ask for additional information. You are encouraged to provide information requested during the technical review process in a timely manner as the lack of complete or inadequate plans may be grounds for a proposal to deny this permit.

You may find a copy of Ohio EPA's rules and laws online at <https://epa.ohio.gov/dsw>. Information regarding Ohio's Section 401 and Isolated Wetlands Permitting programs is also available online at <https://epa.ohio.gov/wps/portal/gov/epa/divisions-and-offices/surface-water/permitting/water-quality-certification-and-isolated-wetland-permits>.

If you have any questions, please contact me at (614) 728-2532 or via email at Andrew.Graves@epa.ohio.gov.

Sincerely,

Andrew Graves
